BACKGROUND:

At the August 27, 2024 meeting of the Board of Trustees, staff presented the results of a recent survey conducted regarding the Town's parks, trails, and open spaces (link to survey presentation above). Following the presentation, the Board requested a study session to discuss the results of the survey and to potentially adjust priorities for future parks, open space, and trails development projects. At the study session, Staff will provide a brief overview of the current applicable master plans, review progress on the plans, and facilitate a discussion of future priorities for funding. Members of the Parks, Open Space, Recreation, and Trails (PORT) Committee were also invited to participate in the meeting.

RECOMMENDED ACTION(S):

No formal action is recommended. Staff will be looking to the Board for direction.
